

## SHOPPING CENTER USES

Shopping centers carry out decorations and hanging flags within the framework of various events on certain days and periods such as New Year's Day, Ramadan, official and religious holidays. They decorate the exterior of the shopping mall building, front, back, side facades, eaves, shopping mall entrances, entrance roads, exterior and interior walls, squares, corridors, trees in the area between floors, with lighted ornaments, pennants, panels and similar visuals. . Most of these areas require working at heights. At this point, almost most of the shopping malls use scissor platforms to do their job quickly and safely.
